In an exhaustive article of something less than a page the editor of the Mt. Vernon Signal indulges in an abuse of Hon. William Randolph Hearst that would do credit to the meanest turncoat stumper or once democratic-but-now-republican paper. His tirade on the gentleman who gave \$250,000 to the campaign fund when Bryan made his last race and who now holds a seat in Congress from a New York district nearly 8,000 republican, is something terrific and from it we are led to believe one of two things, that Editor Albright is either going crazy or will soon join hands with the enemy—the republican party. Certainly he can not support the democratic ticket if Mr. Hearst is the nominee, and it is more than probable that he will be. Here are a few excerpts from Mr. Albright's heavy weight:

"* * * William R. Hearst, yellow journalist, demagogue, libertine. With a life behind him that he would be glad to forget, he dreams of the presidency, and would show to the world if he could, a spectacle that would make the very angels weep."

"He is assuredly not a person who has done things. They have been done for him. His papa gave him his start in life and he has managed to keep what was his and add a little more to it in devious, yellow-journalistic ways. He never delivered a speech in his life. He never wrote an editorial for his own papers. They were always written for him by men of brains who were paid big sums to furnish him with a mind. He buys the gray matter which God Almighty neglected to furnish him. As a newspaper owner he has simply had sense enough to leave to others what he could not do himself. As a Congressman he was afraid to get up and talk lest he should display his pitiful ignorance."

Editor Albright finds great pleasure in quoting from a republican New York magazine which says of Mr. Hearst: "Grit is precisely what Mr. Hearst most lacks. He is as cowardly as any tricky agitator of the masses. He fears his master more than a Senate slave fears the trustee. He never dares to call his soul his own. Mr. Hearst would no more dare to speak the truth on any subject in which working men are interested than Mr. Rockefeller would about his religion. He is a hypocrite through and through—a cheap, vulgar hypocrite—who would inflict any injury upon his country if it blew him any nearer to the center of attention."

Space forbids publication of the columns of calumny which we are indeed sorry that Brer Albright, in a fit of passion, has seen fit to heap upon the head of a gentleman, about whom Hon. William Jennings Bryan says: "I regard Mr. Hearst as one of the men to be considered, and at present he has the largest following of any person mentioned, and he is the only one who heartily supported the ticket, whose friends seem to be active."

Truly great men differ. We have given what Editor Albright thinks of Mr. Hearst; as well as what the beloved Commoner says of him. Our readers can choose between the opinions of the two distinguished gentlemen.

EDITOR ALBRIGHT, of the Mt. Vernon Signal, having gotten into the habit of quoting political news from New York magazines, it is now in order for him to give extracts from the Caleb Powers article in McClure's. It is fine republican campaign material and he seems to have a hankering to furnish the rads with as much of that sort of stuff as it is possible.

In one issue Editor Albright congratulates William Randolph Hearst on his good work for the democratic party and in the next he thinks he is a "cheap, vulgar hypocrite," doing the party great damage. What are we to expect next time? Consistency is an unknown term to the editor of the Signal.

A COMPARISON of the anti-Hearst editorial in the Mt. Vernon Signal with one in the Lexington Leader, shows a remarkable similarity. Is Editor Albright contributing to the columns of that republican organ? Certainly it has not come to that yet.

THE souvenir edition of the Danville News, gotten out under the management of the Daughters of the Confederacy, is a credit both to the News office and the ladies who superintended the work. It is 16 pages, eight of which are printed in red.

"DO IT TO DAY"—The time-worn injunction, "Never put off 'til tomorrow what you can do to day," is now generally presented in this: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. RED LEAF,

(4-year-old record 2:22 in 9th heat over 1/2 mile track.) Sire of 3 with records better than 2:30. Champion show horse of Kentucky and leading sire of high-class road horses and teams.

\$25 to Insure a Living Colt and a Good One at That.

I claim it is to the best interest of the owners of mares of Mercer and adjoining counties to breed to Red Leaf—1st, Because he is not for sale; I expect to keep him and breed and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, no matter to whom they belong; 2nd, Because his colts have a reputation and have sold for higher prices undeveloped than those of any stallion in Mercer or adjoining counties. 3rd, Because his colts have taken more premiums than those of any stallion in Mercer or adjoining counties. 4th, Because he has a better record as a race horse, having won 10 out of 13 races, and a better record as a show horse, having won 58 out of 63 shows, than any stallion in Mercer or adjoining counties. 5th, Because Red Leaf is the only horse sired by a horse with a record of 2:18 (C. F. Clay), who has sired 8 colts with records better than 2:13, and with a dam (Lady Hart) that every colt she had took a standard record and was a winner, and whose grand-dam (Soprano) was the greatest brood mare in the world, having 11 in the list, and whose sire (C. F. Clay) sold for \$6,000, and whose dam sold for \$1,500, whose dam's sire (Red Wilkes) sold for \$30,000 for a half interest, and who himself (Red Leaf) sold at 3 years old for \$1,000 and at 4 years old for \$1,750 and that has himself sired 14 colts to sell for over \$900—some as high as \$2,000—and teams from \$1,500 to \$3,000, in Mercer and adjoining counties. 6th, But three of Red Leaf's colts were ever trained for speed and they took records. 7th, But one of Red Leaf's colts was sired by the Year book, and showed miles in 2:15, and would have been a sensational horse had he lived. 8th, Red Leaf has sired more high-class, high-priced teams than any stallion in Kentucky in the past two years. 9th, I can show several offers of over \$3,000 for a pair I now have. None of those sold were five years old, and most of them under three years.

Now I say if you want a trotter, Red Leaf is bred to get them, as his sire is one of the world's greatest sires of extreme speed, and his dam a great producer, and she by one of the world's greatest sires of speed (Red Wilkes), and his sire's dam the greatest brood mare in the world. If you want a show horse, he has proven he can get them of the highest quality, a three-year-old mare by him showing through the circuit in regular and sweepstakes and winning 24 out of 26 shows—something equaled only by the world's famous Gipsy Queen. If you want a business horse, he can get them that will sell for the highest dollars, and his fillies are sure to be great brood mares. If these are not facts, why not?

I also have a good Black Jack, to stand at \$8 to insure a living colt.
